Dear Hiring Manager,

I am writing to express my strong interest in the Google opportunity in India as an Data Analytics apprenticeship, 2024. With my background in Computer Science, I am eager to contribute to Google mission and envision a long-term future with your organisation.

As a final year B.Tech student majoring in Computer Science at Kanpur Institute of Technology, I have honed my skills in web development, data structures, and algorithms in c++. I am highly motivated to perform and code, such as achieving a 3-STAR rating on CodeChef, solving 125+ questions on LeetCode, and achieving a global rank of 38 in the December Long Challenge on Codechef.

One of my best accomplishments is the development of **GRAM-CHAT**, a cutting-edge chatting web application that incorporates OpenAI integration created using **MERN** stack. This project showcases my ability to work with modern tech stacks, including React.js, Node.js, and Express.js, and highlights my commitment to creating innovative solutions. Furthermore, my experience with **D-ADMIN**, an integrated admin dashboard, demonstrates my proficiency in developing secure and scalable systems. Created using MERN stack and **MATERIAL UI**.

I am highly motivated to learn and adapt. I believe that this commitment to continuous improvement aligns well with Google India culture of innovation and growth.

I am excited about the prospect of contributing to Google India dynamic team and leveraging my skills to drive your organisation's success. My aspiration is to build a lasting career in India , and I see Google as the perfect place to achieve this goal.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and enthusiasm can benefit Google India l in more detail.
